AMENDMENTS TO THE SPECIFICATION

Please amend paragraph 23 as follows:

[0023]   The wiring blocks of FIGURES 4B and 5B can be hard wired into the
PDCAs or the blocks can be formed as a programming plug which is inserted into a socket in
the PDCAs, each socket would have connections for L1, L2, L3, G, 0, 1, 2, 3, 4, 5, [[6,]] and
G, with FIGURE 5B also including a connection for N. Thus, to change configurations, the
current plug is removed and a different plug is inserted into the socket.
